

OCRAtrade

This is a list of local tradespeople who have been recommended on the OCRA Facebook page in response to “Does anyone know someone who can...?” questions. Think of it as Checkatrade but local!

The entries are not adverts and the people concerned have not been consulted. The rule 'Caveat Emptor - let the buyer beware' applies. We would always suggest you look for a personal recommendation and get three quotes for anything major. The CR5 magazine is a good starting point or their website www.cr5.co.uk.

If you have other recommendations for tradespeople who have done a good job for you, please let us know, either via Facebook or by e-mail to ocrawebmaster@placehouse.me.uk.
